To Whom it May Concern,

It is my very personal pleasure to highly recommend hiring Amundsen Associates. They are true professionals with that personal Wyoming touch. From the very beginning of our project there have been questions to answer from: where the funding will come from, to CMAR vs. Design-Bid-Build, to what does it mean to Buy American. Amundsen Associates has never been more than a phone call away. Amundsen Associate's professionalism is at as high of a level as nationally known architects like Mike McMillen and Reilly Johnson. When Mike McMillen and Reilly Johnson came to help on the project they were nothing more than peers. If you hire Amundsen associates you will be guided in the right direction by true professionals who understand Wyoming government and Wyoming values, you might even make a friend.

Sincerely,

A handwritten signature in blue ink that reads "Matt Keating". The signature is written in a cursive style and is enclosed within a large, hand-drawn blue oval.
