

**To Whom It May Concern:**

**Re: Amundsen Associates**

**Our firm has worked on numerous movie theater projects with Amundsen Associates over the past several years and have found them to be creative and cost conscious in their approach to architecture.**

**We are currently working on plans for a new multiplex theater in Casper and again chose Amundsen Associates as our architect. This project will incorporate the latest technology in theater design.**

**Past projects have included renovations, a new multiplex within an existing mall, and a remodel/addition to an old automobile dealership in Casper. Amundsen Associates took special interest in the historical value of this building. Existing features of the building was retained and the detailing of the remodel and addition incorporated the design concept used in the original structure.**

**We feel the Amundsen Associate team has provided excellent design solutions for our projects and would highly recommend them for any project requiring architectural service.**

**If I may be of further assistance please feel free to call or email at [rpryde@wyomovies.com](mailto:rpryde@wyomovies.com).**

**Sincerely,  
Movie Palace, Inc.**
